[illegible]

¹ P. A. G. van der Wal, *Journal of Polymer Science: Part A: Polymer Chemistry*, **20**, 1111 (1982).

1. The first group of authors (see Table 1) has shown that the use of a single, non-validated questionnaire to assess the prevalence of mental health problems in the community is likely to lead to a significant overestimation of prevalence rates. This is due to the lack of specificity of the questionnaire used.

[illegible]
